---

June 2016

Dear Parent or Guardian,

**Northampton Cyber Academy** is celebrating its 8<sup>th</sup> year anniversary as a cyber school. During the past 8 years, we have expanded our capabilities and our offerings. Our students and parents have expressed great satisfaction with the **Northampton Cyber Academy** saying:

- “Everyone at Northampton Cyber Academy has been so great helping me be able to graduate this year.”
- “The constructive feedback on my assignments helped me understand if I was on the right track and if I needed to improve my work.”
- “Our son appreciates the flexibility of the program. He enjoys the ability to do his work on his own schedule and to make appointments with his teachers when he needs help. He has had great success!”

As a parent who is interested in online learning for your child, you are invited to attend a virtual information session about Northampton Area School District’s online learning option, the **Northampton Cyber Academy**.

In addition to the flexibility that online curriculum provides, the **Northampton Cyber Academy** offers the following advantages to its students:

- Earning a diploma from the Northampton Area High School and graduating with classmates
- Learning through a high quality, district-approved curriculum
- Receiving support through a daily homeroom session and virtual classrooms
- Having the opportunity to enroll in the Bethlehem Area Vocational Technical School
- Receiving a “Cyber School in a Box” containing a notebook computer, multifunction printer/scanner, additional hardware and software, textbooks, live teacher support, and friendly technical support
- Having the opportunity to attend the district run **Northampton Cyber Academy Networking Meetings** to meet other **Northampton Cyber Academy** students and parents
- Joining district-sponsored extracurricular activities, special interest groups, and sports teams

A duo face-to-face and virtual information session will be held on Wednesday, August 3, 2016, at 6:00 p.m. to provide more information about the **Northampton Cyber Academy**. You may attend this information session either by coming to the Northampton Area School District Administration Office (2014 Laubach Avenue, Northampton) or by attending virtually online. To register for the session and receive login details, please visit [www.nasdschools.org](http://www.nasdschools.org) and click on STUDENTS at the top of the screen, then click on **Northampton Cyber Academy** in the drop down box, and then click on *Virtual Information Session Registration* on the **Northampton Cyber Academy** Home Page.

Sincerely,

Lydia Hanner  
Director of Curriculum and Instruction
